I am an enthusiastic UI/UX Designer and Web Software Developer with notable experience and milestones, looking to develop solutions and expand my knowledge in a practical and fast-paced environment.

My career goal is to assume a role that allows me to take responsibility for designing user products, with an inclination towards product management, great user experience, and user interface design.

TECHNICAL SKILLS

UI & UX Design, Figma, Django, Flask, React,Angular, Javascript, HTML, CSS, SCSS, SQL

EXPERIENCE

Creative Consilium, Remote-Nairobi - *UI/UX Designer, Front End Developer*
MAR 2022 - Present
Worked with an agile team in designing and building a new product from the ground up. Our client's product involved multiple faces with designs ranging from mobile applications to web applications.

Responsibilities
- Collaboration in designing the user interface of the web application.
- Front-end development using **angular**.
- Testing front-end design, usability, and software security before deployment.

Getgas Kenya, Rongai Nairobi - *Software Developer*
SEPT 2021 - APRIL 2022
Worked with enthusiastic team members to design, build and deploy gas vending and delivery platforms.

Responsibilities
- User Interface and User Experience design.
- Creating software applications from designs to meet the software requirements.
- Testing design and software before deployment.
- Front-end designer and web development in **Angular, SCSS, and Javascript.**
- Design using **Figma and Adobe XD**
- API development using **PHP (Laravel)**.
- Deployment on dedicated **Linux servers**.

EDUCATION

Moringa School, Nairobi
MAY 2021 - OCT 2021
Software development, Specialised in Web development (Full Stack Development)

Mount Kenya Academy
MAR 2017- APR 2021

High School Certificate

INTERESTS

- A fan of nature, I enjoy hiking in the major hiking zones i.e Karura forest and Ngong hills.
- A Soccer fun.
- **Languages:** proficient in English and Kiswahili both spoken and written.
